## Experience & Specialized Training

**BBG Inc.**, Cleveland – *Account Manager / Software Developer*  
March 2019 – June 2021

Assisted in data entry and record keeping of several clients and their employees. Developed software utilizing Python that automates said data entry, minimizing data entry and streamlining the process. Functions of this software includes filling out Excel spreadsheets with employee data, generating medical provider specific spreadsheets for uploading, automatic census creation via Smartsheets, and medical quote retrieval through a JSON-based API.

**Cleveland Hardware & Forging Company**, Cleveland – *Web Developer*

November 2017 – August 2019

Rebuilt an outdated website from the ground up, followed by maintaining the new site. Cleveland Hardware has been shut down in September 2019 as all resources have been relocated to their parent company, Green Bay Drop Forge.

**We Can Code It**, Cleveland – *Student*

March 2017 – June 2017

Full-time coding boot camp, learning full-stack development from expert instructors and intensive hands-on projects. Planned, designed, and developed professionally programmed applications in collaborative team-based and independent settings, demonstrating the proficiency to earn Software Engineering Certificate.

**Stream 9**, Cleveland – *Intern*

January 2017 – March 2017

Tasked with developing websites for clients using designs given by the lead designer, as well as redesigning an outdated website.

**Fraunhofer**, Germany – *Intern*

June 2015

Fraunhofer is one of the largest research organizations in the world, employing over 20,000 individuals. Worked with an international research group tasked with the marketing of an electric smart car.

## Technology

HTML5, CSS & SCSS, Bootstrap, JavaScript, jQuery, .NET, Active Server Pages / ASP.net, PHP, C#, Object Oriented Programming (OOP), Responsive Design / Mobile, Structured Query Language (SQL), Web Development, Git/GitHub, Python

## Projects

**BBG CenFill** – *Python*

Census generation multi-tool, equipped with Smartsheets and CMS Marketplace API

**Cleveland Hardware** – *HTML5, CSS/SCSS, jQuery, PHP*

<https://clevelandhardware.com>

The website I have developed

**Github Page** – *HTML5, CSS/SCSS, jQuery, PHP, Git*

<https://noahsekreter.github.io/>

My personal website

**Lucky Paws** – *HTML5, CSS/SCSS, jQuery, PHP*

<http://luckypawsrescue.org/>

Website I have worked on during my time at Stream 9
